Coding Olympiad
Conditions of Challenges Exam by Codementum

1. **Exam Date:** 24 January 2026, Saturday

2. **Exam Period:** 24-hour access period in GMT (not your local time)

3. **Exam Duration:** 60 minutes (once started)

4. **Exam Access:**

   - The exam will be held through the Coding Olympiad Student Panel and cannot be accessed via Codementum's website.
   - You may start the exam at any time within the 24-hour access period.
   - Once the exam is started, a 60-minute countdown timer will start automatically and cannot be paused or stopped.
   - We recommend starting the exam no later than 23:30 (GMT).

5. **Exam Submissions:**

   - After you complete the challenges, you can click the **SUBMIT** button to finalize your exam.
   - If you do not click SUBMIT button before the 60-minute period ends, the system will automatically save your progress and submit your answers when the time expires.

6. **Exam Structure:**

   - The exam challenges are similar to those in the Codementum Studio.
   - The challenges cover topics such as logic, loops, conditions, functions, arrays, strings, etc.
   - You may freely switch between Block Mode and Code Mode (Python/JavaScript) during the exam.

7. **Evaluation and Scoring:**

   - Each challenge is automatically evaluated based on the accuracy and efficiency of your code.
   - The maximum number of stars you can earn for each challenge is three (3).
   - You may revisit and improve your previous challenges within the 60-minute period if you received fewer than 3 stars.
   - Your final Qualification Exam score determines the 30% portion of your total score that will be carried to the Final Round.

8. **Camera and Screen Monitoring:**

   - **Enable your camera** and **share your entire screen** before starting.
   - Keep your camera on and your face visible throughout the exam.
   - Leaving or disabling monitoring may invalidate your score.

9. **Independent Work:**

   - External editors, AI tools, or help from others are strictly prohibited.

   - Violations may lead to score cancellation or disqualification.

10. **Technical Issues:**

    - If you are disconnected for any reason, re-enter your Coding Olympiad student panel and click the **START EXAM** button to continue from where you left off.
    - The countdown will continue, and your progress will be saved.

11. **Results:**

    - Results will be announced through the Coding Olympiad Student Panel.
    - The exam results will be announced in 14 days. After this date, you will be able to download your report from your student portal.

12. **Support:**

    - If you experience technical issues or have questions during the exam, please contact us via the HELP DESK on the official Coding Olympiad website.
