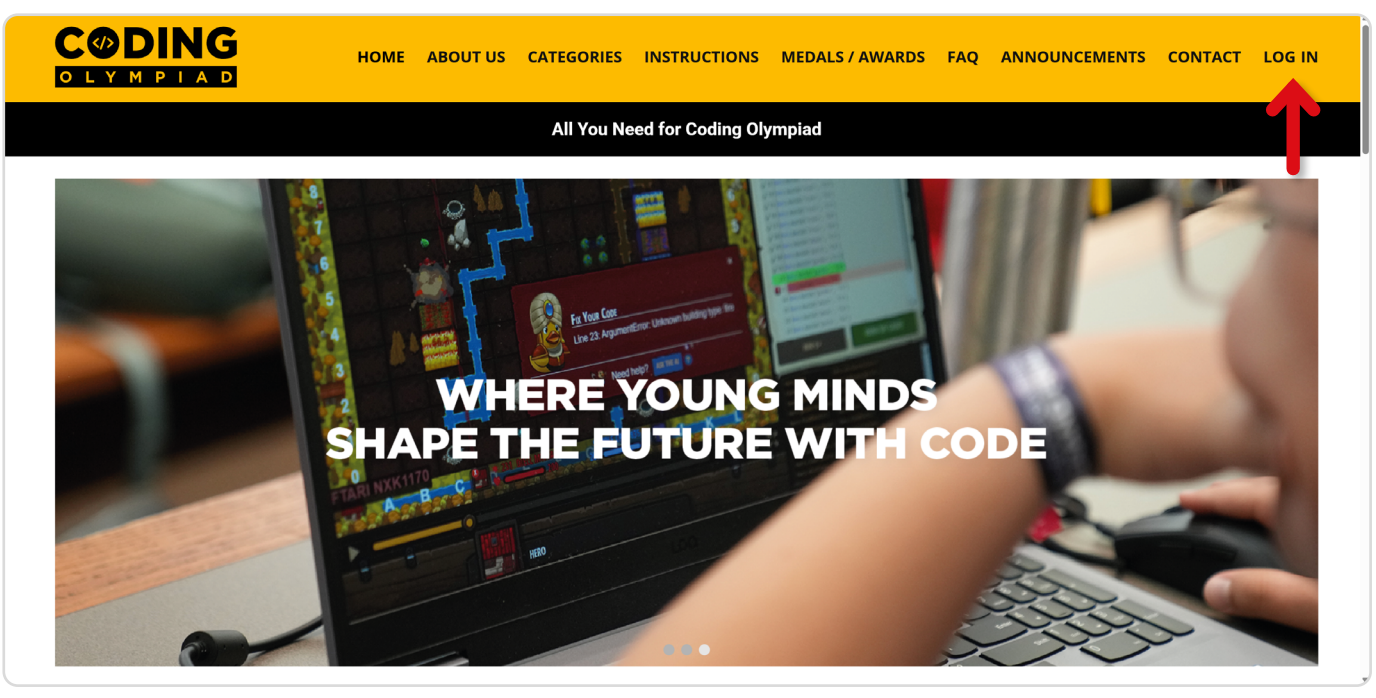
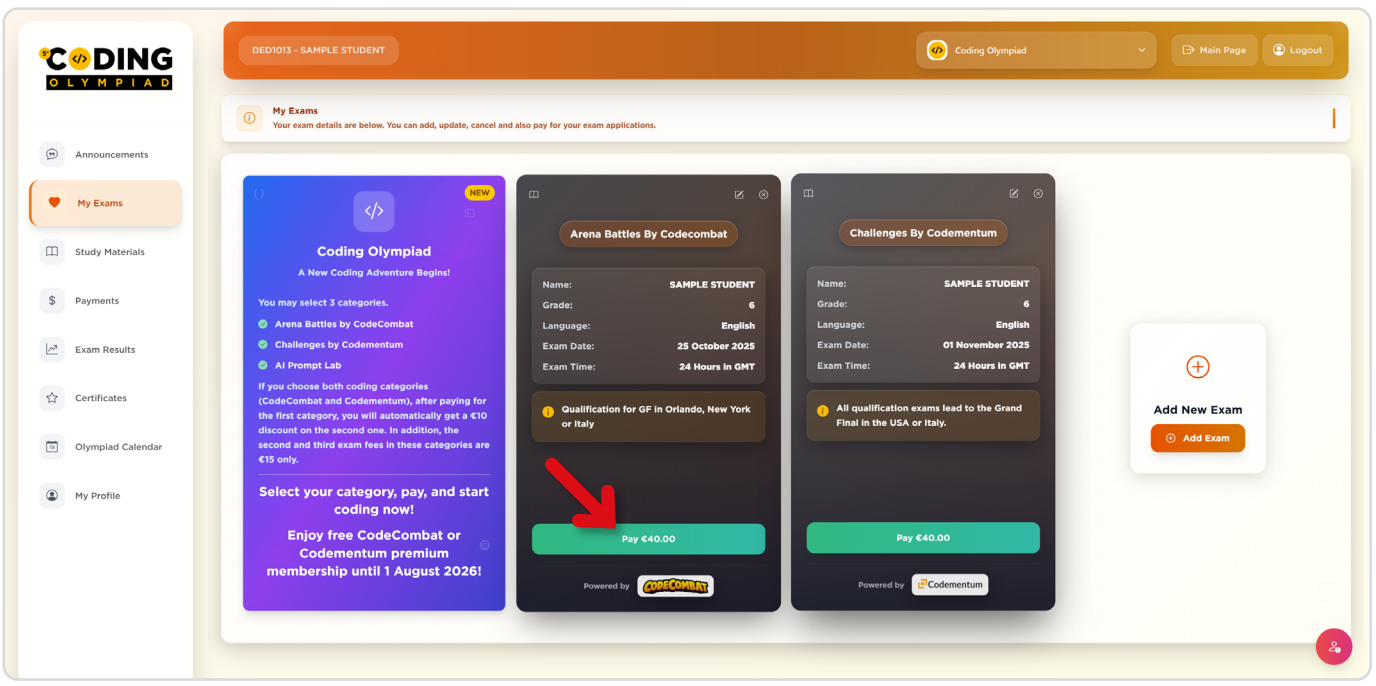
CODING OLYMPIAD
PAYMENT GUIDELINES

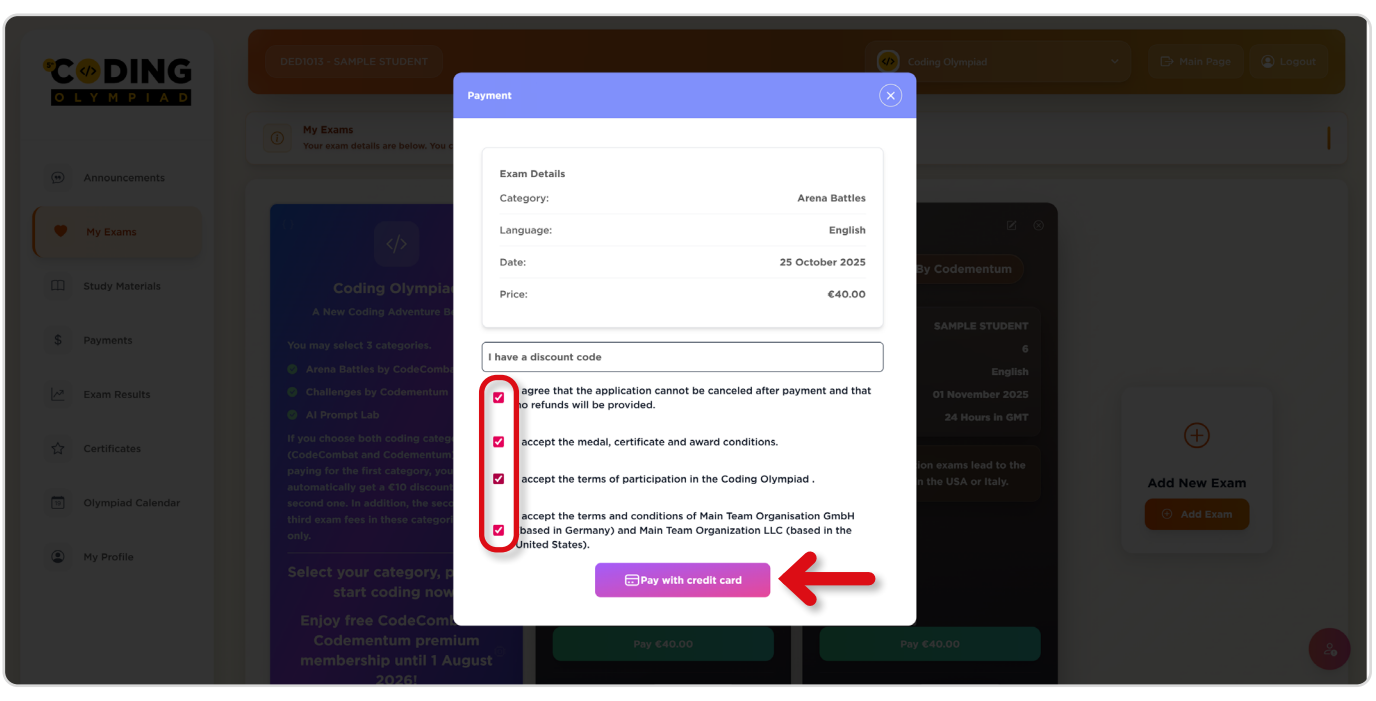
1 Go to https://codingolympiad.org homepage, click the '**LOGIN**' and access your student account.



2 After selecting the exam, click the '**Pay**' button to complete your payment. Please note that each exam requires a separate payment.

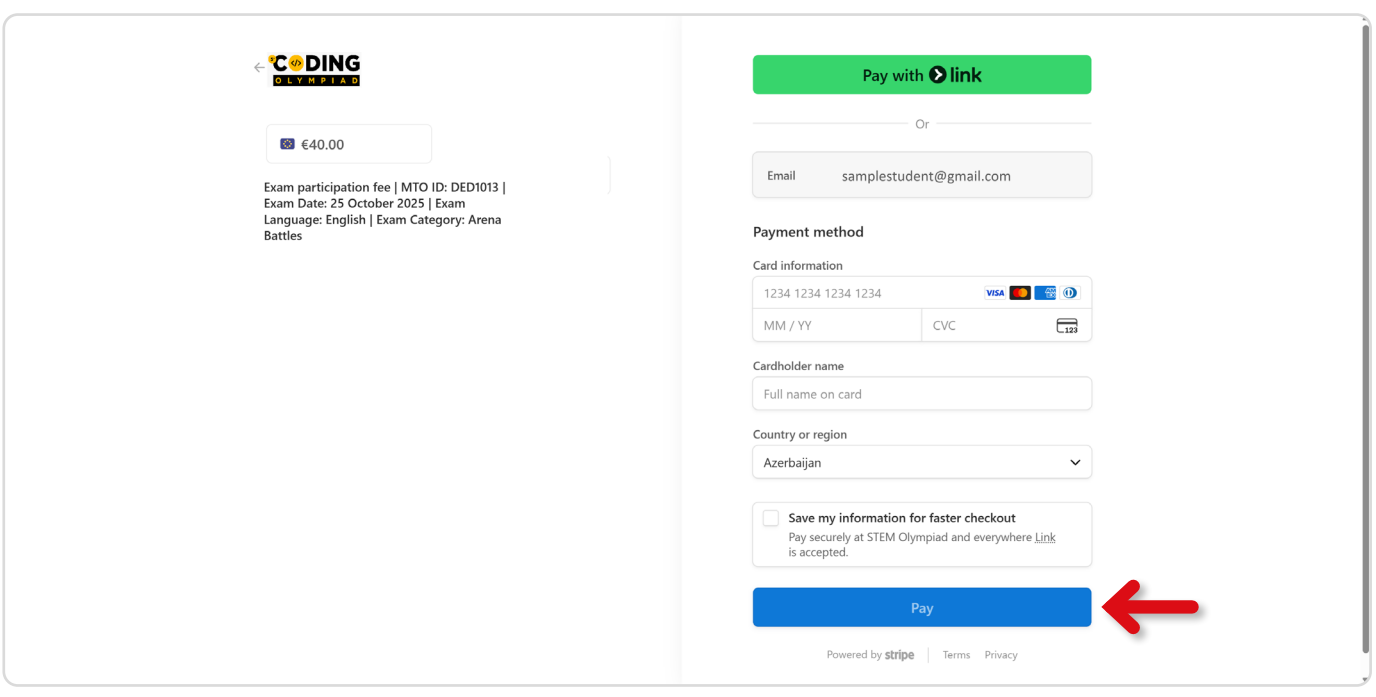


3 On the payment screen, carefully review the exam details, including category, language, date and price. If you have a discount code, select the '**I have a discount code**' option and enter your code. Confirm your agreement with all terms by checking the required boxes. Finally, click '**Pay with credit card**' button to complete your registration.

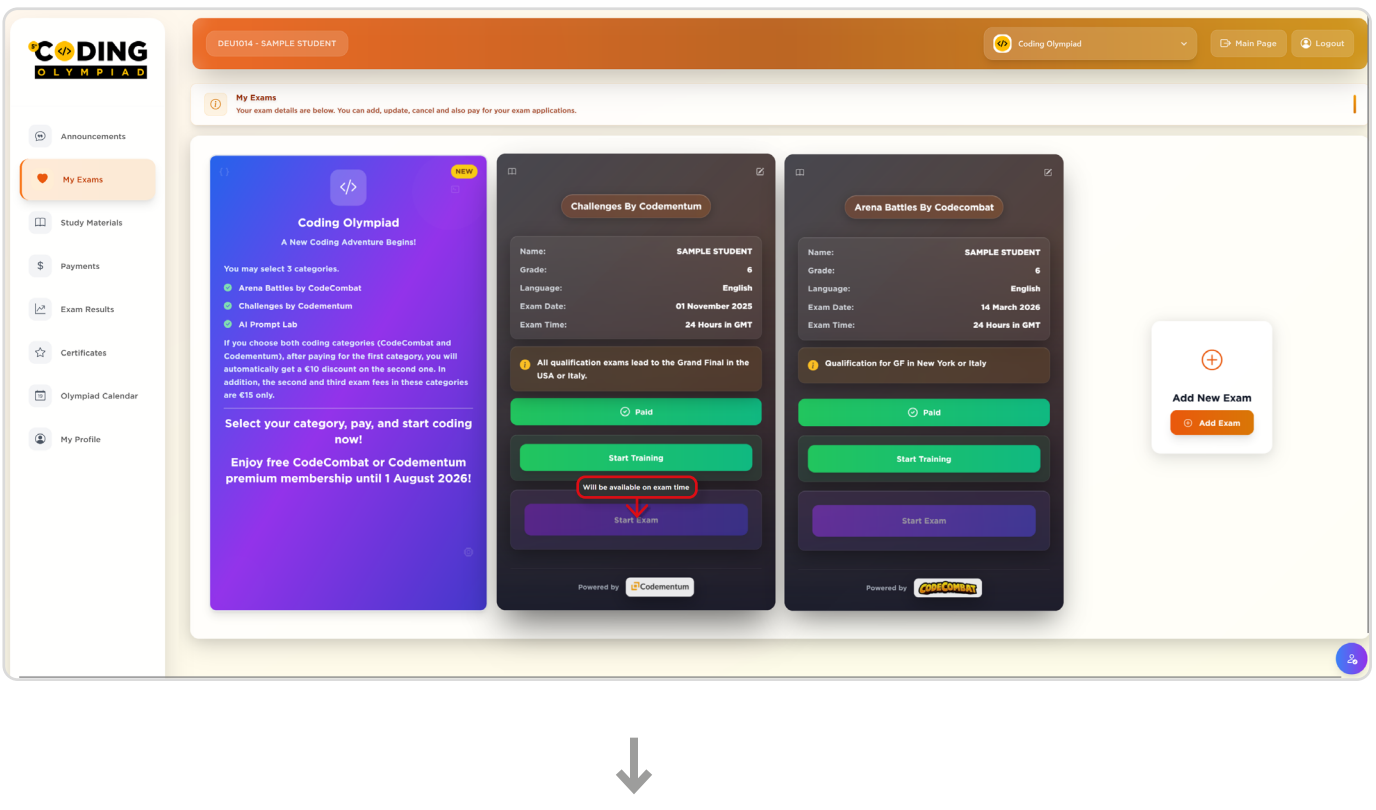


4 Review the exam details carefully. Enter your card information and billing details, then click '**Pay**' button to complete your registration.

After clicking '**Pay**' button, please wait until the process is fully completed. Do not refresh or close the page to avoid payment errors.



5 Once your payment is complete, the '**Pay**' button will change to '**Paid**' and a new '**Start Exam**' button will appear below it, which will only be activated on the scheduled exam date and time. You can also add new exams and make payments for each one individually through the same interface.



Categories	Fee
Arena Battles by CodeCombat	**40 €**
- Additional Arena Exam	15 €
Challenges by Codementum	**40 €**
- Additional Challenges Exam	15 €
AI Prompt Lab	**25 €**

Payment Terms

- The prices above refer to the participation fee for one student in a single category.
- Each selected category requires a separate payment.
- Students registered in the Arena category can register for the Challenges category at a discounted fee of 30 €.
- Similarly, students registered in the Challenges category can register for the Arena category at the same discounted fee of 30 €.
- In the Arena and Challenges categories, each additional exam is offered at a discounted fee of 15 € to help students prepare more effectively for the competition.
- Once an exam has been paid for, it cannot be canceled, refunded or changed to a different category.
- Students who are unable to take the exam due to unforeseen circumstances will not be given an alternative or make-up exam and no refunds will be provided for missed exams.
- Payments are processed through Stripe, a worldwide payment processing platform, using credit or debit cards. The card details of the applicant are never visible to or stored by Coding Olympiad under any circumstances.

Duplicate Payment Issue

Duplicate payments may occur due to internet issues, banking delays or repeated actions on the payment interface. In such cases:

- Check whether the payment has been deducted from the bank or credit card account.
- If the amount has been deducted but is not visible on the panel, contact the support team via the contact form.
- Any duplicate payment for the same exam will be refunded after deducting transaction and processing fees.
- Each student should have only one account to prevent duplicate payment issues.
- Refunds will be issued only for duplicate payments, with amounts varying by category as follows:
  - Arena Battles: 20 €
  - Challenges: 20 €
  - Additional Challenge Exam: 10 €
  - AI Prompt Lab: 10 €
